

Ole!

Spain started the game with three civil war events, got a fourth, then decided if it was going to have a civil war, it should do so in style in Fall 1936:

Economic Trend -2	
	<p>Violence flares in Basque region. Spain: 0 EAI: +1</p> <p>Hungarian and German secret services exchange information. Hungary: 1</p>
	<p>Mussolini honors Pope at official dinner. Italian support level: +1</p>
	<p>Cabinet approves clandestine aid to Spanish government. Spain: 1</p>
	<p>Dispute with the U.S. over French war debt triggers diplomatic row. French support level: -1</p>
	<p>Russian military advisers assist Spanish government. Spain: 2</p>
